

“ROBOTICS - HISTORY AND ACTUALITY” WORKSHOP

An important and interesting event in the field of Robotics occurred in Reșița, Romania, on June the 8th. From 12:00 p.m. to 2:00 p.m., the workshop with the theme "Robotics - history and actuality" took place in room A.2.2 of the BBU University Center in Reșița.

The event was organized by the Faculty of Engineering of the BBU University Center in Reșița, by the Reșița Branch of the Robotics Society of Romania, and by the Romanian Academy of Technical Sciences.

The following participants attended the event: Assoc. Prof. Dr. Andrade-Ionuț Bichescu, Director of the BBU University Center in Reșița, Erwin Josef Țiglă, President of the Reșița Local Forum of the Democratic Forum of Germans in Romania, Ioan Birta, President of the Association of Romanians in the Balkans and one of the main investors and developers of the Caraș-Severin region, Prof. Eng. Sabin-Dănuț Munteanu, coordinator of the robotics team from the Technological High School "Clisura Dunării" Moldova Nouă together with a group of pupils, teaching staff and students from the BBU University Center in Reșița.

The main moderator of the event was Prof. Dr. Eng. Ion Vela, President of the Reșița Branch of the Robotics Society of Romania, corresponding member of the Romanian Academy of Technical Sciences. He presented the general issue of the introduction of robots in the Romanian industry, as well as aspects regarding the industrial development of Reșița in the context of the evolution of robotization.

From Faculty of Engineering, BBU University Center in Reșița, organizers and moderators were Lect. Dr. Eng. Daniel-Gheorghe Vela and Assoc. Prof. Dr. Eng. Călin-Octavian Micloșină.

Invited to the event, Dr. Nicolae Joni, Vice-President of the Romanian Robotics Society, presented, both the ROBCON Society - one of the juridical personality members of the Robotics Society of Romania, and the evolution of the robotics situation in Romania and worldwide. On this occasion, the 500-page book "THE HISTORY OF ROBOTICS IN ROMANIA" (authors Mircea Ivănescu, Mircea Nițulescu, Ionel Starețu, and Nicolae Joni) was presented, published by the AGIR Publishing House, based on a multitude of materials and information sent from all country regions through the branches of the Robotics Society of Romania.

The public from Reșița received the book informations with interest, many discussions, questions and clarifications appearing during the event.
